

O Jesus, You know how many religious sisters we need. See, Lord, how harmful doctrines penetrate homes for lack of those who guide souls and lead them to the knowledge of truth. Have mercy on us. Lord, and our people, and awaken numerous and holy religious vocations among our young women, to work for the salvation of souls.

O Blessed Virgin, bless the work of our sisters and grant them, by your Divine Son, the graces they need to faithfully live their vocation. This we ask You, knowing Your love for Jesus and souls. Amen
